JANUARY 2013

January 6 - Epiphany Sunday *Potluck Supper & Study*

Join in a casual potluck supper followed by a small group Epiphany study. Bring a favorite food to share (made or bought) and an open mind for an engaging discussion. We will also spend a few minutes planning for upcoming *Experiencing Worship* study, worship, and service projects. So if you have any ideas for study, worship or service projects you would like to see ... please share!

January 20 *Potluck Supper & Bean Soup Jars for others*

Join in a casual potluck supper followed by an easy group service project to fill jars with beans and spices which will make a delicious and healthy bean soup when you add water and cook it! Filled jars will be given to those in need, and also kept on our shelves for those with pastoral needs. **Bring a bag of dry beans (black beans, pinto beans, white beans, lentils, etc.) to help fill the jars.** Spices and mason jars will be provided.

January 13 *Celtic Eucharist*

Drawing together texts from Scripture, the mainstream Celtic traditions, and contemporary spirituality, *A Celtic Eucharist* offers a different model of church and ministry. Worship is similar to the way early Christians may have gathered. It can be an intimate and inclusive experience. Join us for a time of spiritual nourishment followed by time for hospitality and fellowship.

January 27 *Healing Eucharist*

Jesus intended healing to be central in the mission of the Church - healing of spirit, soul and body. On this special evening we come together in love to worship and support one another offering prayer, laying on of hands, and anointing with oil. Come into a holy and peace filled place - lay your cares, concerns, and pain on the altar and receive Jesus' healing. After the Eucharist, we will share fellowship time.

Jesus said "come to Me all of you who are weary and carry heavy burdens and I will give you rest." Matthew 11:28
